COMMUNICATION

The Clerk presented the following communication from the City Attorney concerning the Central Freeway.

September 3, 1991

Honorable Doris M. Ward
President
Board of Supervisors
235 City Hall
San Francisco, CA 94102

RE: Recommendation that the Board convene a Workshop on
Central Freeway Alternatives on October 1, 1991.

Dear President Ward:

In the aftermath of public controversy surrounding the delayed reopening of the Central Freeway, the Board has passed four resolutions urging Caltrans to study alternatives to its proposed reconstruction project. In April of this year, the Board urged Caltrans to prepare an Environmental Impact Statement prior to commencement of the project. Subsequent resolutions urged the City Attorney to investigate potential environmental law violations and seek injunctive relief to stop the project; urged the Federal Highway Administration to withhold grant funding until alternatives were considered; and supported Senator Kopp's proposed amendment of a highway bill to prohibit Caltrans from acting without approval of the Board. Copies of these Resolutions are attached for your convenience.

Following these resolutions, we have engaged in discussions with Caltrans, seeking agreement to a clear City role in the assessment and selection of repair alternatives. These discussions have included Supervisor Maher, representatives of Senator Marks and Senator Kopp, the Mayor's Office, and various interested City departments. As our discussions proceeded, Caltrans commenced its proposed project, including partial demolition of the Oak/Fell ramps.

On Wednesday, August 28, 1991, Caltrans presented the final draft of a study that included a wide range of alternative freeway alignments. At the same time, Caltrans requested that the City provide direction on how to proceed. Discussion of this request led to the recommendation that Caltrans and the Board convene a workshop to review feasible alternatives and determine a final course of action. A copy of the Caltrans' study has been filed with the Clerk of the Board.

Each freeway alternative presents a complex set of beneficial and detrimental effects. A joint City/Caltrans workshop would allow the Board and the Mayor to hear public testimony and expert opinions before choosing any alternative. City departments are now studying

Tuesday, September 3, 1991

each alternative, and will be prepared to discuss them at such a workshop, along with Caltrans engineers. The question of whether the closed Oak/Fell ramps should be totally demolished would be aired at the workshop so that the Board will have sufficient facts on which to base a decision.

We further recommend that the workshop be scheduled on October 1, 1991. This date would allow the Board to take testimony prior to the time that Caltrans must decide whether to totally demolish the Oak/Fell ramps. Now that Caltrans has begun actual demolition, this course will keep Caltrans moving as efficiently as possible, while acting under specific guidance from the City.

Very truly yours,

LOUISE H. RENNE
City Attorney

/s/
John D. Coope
Deputy City Attorney

Reconvening of the Board

The Board, at the hour of 5:08 p.m., reconvened.

Quorum present.

By Supervisor Kennedy, that a letter of inquiry be sent to the Real Estate and Parking and Traffic Departments regarding the 1991 lease between the City and County of San Francisco and City Park for the operation of the Union Square Garage. Specifically:

If so, is access to care, as measured by the above indicators, equal from site to site?

By Supervisor Achtenberg, that the City Attorney prepare legislation requiring warning signs at point of sale of condoms that oil based lubricants can destroy the integrity of condoms, thus increasing the risk of transmission of the HIV virus and other sexually transmitted diseases.

By Supervisor Britt, that the City Attorney prepare legislation to amend the Catastrophic Illness Sick Leave Transfer requirements by deleting the criteria, "Such illness or injury prevents the employee from returning to work for at least 30 days."

By Supervisor Shelley, that the City Attorney provide an opinion on whether lead abatement measures could be included in the health and safety upgrades provided for in AB 1001 (Brown), just chaptered, which allows cities and counties to place general obligation bonds for seismic strengthening on the ballot, and which covers health and safety upgrades which might be required in the course of the strengthening.

By Supervisor Shelley, that the City Attorney provide an opinion on whether legislation is required to implement AB 1755 (Speier), just chaptered, which allows the City Attorney to more aggressively pursue nuisance abatement cases, aiding the prosecution of crack houses.
